SLEEK. DURABLE. ORGANIZED.

YOUR DEALERSHIP NEVER LOOKED SO GOOD.

For decades, the automotive industry has trusted Lista® and Vidmar® for the storage and workspace equipment they need to provide the efficient, quality service their customers demand.

Our sleek, high-density storage and workspace solutions:

- Keep your dealership organized, optimized, and operating efficiently
- Equip your technicians with the best tools to do the job at hand
- Project a polished, professional image that customers can have confidence in

VEHICLE SERVICES

YOUR ONE-STOP SHOP FOR STORAGE SOLUTIONS

We know that time is money in your dealership and job turnaround is critical to your profitability. That's why we've designed storage systems that maximize every cubic inch of available space and time-saving workspaces that shift your productivity into overdrive.

We know that no two shops are alike. That's why you can customize any solution to your specific needs. Every product is built to order, configurable, and backed by a lifetime guarantee – so you get what you want every time.

We know image matters. Your Service and Parts Departments are on display just like your showroom. They need to project order, cleanliness, and professionalism. That's why we offer functional solutions that are "dressed to impress".

From the Service Drive to the Service Department to the Parts Department and everywhere in between – we've got you covered.

**UNRIVALED PERFORMANCE.
UNBELIEVABLE EFFICIENCY.
UNCOMPROMISED QUALITY.**

Trust the storage and workspace leaders.

Trust Lista® and Vidmar®.

SPACE EVALUATION

At Lista, we don't just sell a product. We design a customized solution around your business's unique needs and operations.

You get a customized plan to maximize space and efficiency in your facility. Any project, any size – free of charge. We perform a floor space utilization analysis and create floorplan designs for your facility. And we create a customized CAD and/or photorealistic renderings of solutions that optimize your space and maximize efficiency in your facility. Any project, any size – free of charge.

There's no obligation. You decide what makes sense for you.

Helping workforces work better is what we do.
ListaWorks™ is how we do it.

Contact us to request your ListaWorks™ design evaluation today.

VALET STATIONS THAT SET THE TONE

Your Service Drive. It's the first touchpoint within your Service Department – where your Service Writers greet customers and check them in for vehicle work. You need to project an image that impresses and inspires confidence.

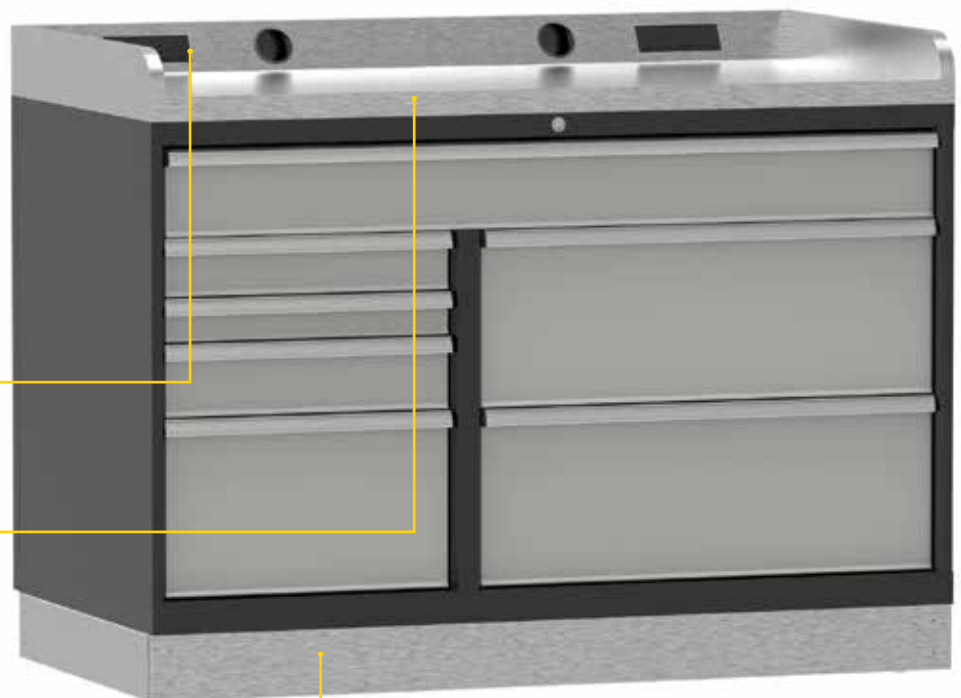

The Lista® Valet Station doesn't disappoint. Designed specifically for your service check-in area, it gives your service attendants everything they need to process customers with ease and speed.

Rear panel features power strips equipped with USB ports and wire management capability

Clean, professional-looking stainless steel work surface

Available in 6 footprints and a variety of custom product enhancements to increase productivity

SERVICE BAYS THAT TURBOCHARGE YOUR EFFICIENCY

Your Service Department is a major profitability center for your dealership. It's also one of the busiest, most visible areas of your facility. So it needs to be outfitted for optimum technician efficiency while presenting a clean, uniform look to your customers.

That's where Vidmar® and Lista® come in. We specialize in designing custom solutions that conform exactly to your shop's infrastructure. Engineered with flexibility, durability, and efficiency in mind, our service bays and technician toolboxes create a clean, coordinated, organized workspace that enhances your image, promotes productivity, and helps retain skilled technicians.

SELECTING YOUR SERVICE BAYS

How to choose Service Bays

1. Select your bench height
(pages 10-11)
 2. Determine available length for single and/or double bays (bench length)
(pages 12-15)
 3. Define needs for each bay (pump control, storage, cart garage, etc.)
(750 series page 16
900 series page 21)
 4. Review pre-configured options and select appropriate configuration
(750 series pages 12-15
900 series page 20)
- Can't find exactly what you want?**
Modify components or build from scratch

1. SELECT BENCH HEIGHT

CHOOSING YOUR BENCH HEIGHT

Dimensions below are in inches and include a 1.75" thick worksurface

BASE TYPE	2" LEVELING BASE		4" LEVELING BASE		WET CLEAN BASE	
	Min.	Max.	Min.	Max.	Min.	Max.
Cabinet Model						
750	37.19	38.17	39.15	40.14	40.32	41.82
900	43.09	44.07	45.06	46.04	46.22	47.72

Some factors to consider when selecting a bench height:

- Recommended bench height is at or slightly below elbow height
- For heavier work a slightly shorter bench is recommended
- For more precise work a slightly taller bench is recommended
- Average US male is 69.7" (2016 data)
- Male Elbow height is 0.630 as percentage of height
- Average US male elbow height is $69.7 \times 0.630 = 43.9"$
- Average US female is 63.8" (2016 data)
- Female elbow height is 0.632 as percentage of height
- Average US female elbow height is $63.8 \times 0.632 = 40.32"$

TECH SERIES TOOLBOXES – A TECHNICIAN’S DREAM

Your service business’s success depends on your team’s ability to do high-quality, timely work. To do their best work, your technicians need the right tool storage and access for the job. The wrong toolbox can slow productivity and affect job turnaround, resulting in customer dissatisfaction and lost business.

Equip your technicians with Lista® Technician Series toolboxes that are rugged enough to withstand a beating, spacious enough to hold everything they need them to, flexible enough to suit their work style, and organized for maximum efficiency. They’re the best quality tool storage you can get your hands on – at the best price.

WITH LISTA, YOU GET IT ALL – THE LARGEST CAPACITY, MOST DURABLE BOXES ON THE MARKET, AT A PRICE THAT BOXES OUT THE COMPETITION.

Compare our features and you’ll see the difference:

- Rugged design backed by limited lifetime warranty
- Fully welded drawer and housing construction
- Heavy-duty casters (1,200 lbs. each)
- 440 lb. capacity full-extension drawers
- Sub-dividable drawers
- Twelve standard drawer heights available from 2" - 13"
- Multiple full-width configurations
- Premium non-slip mesh drawer liners
- Five standard gloss finish powder coated colors, with two-tone color schemes available
- Drawer pull finish options enhance appearance and add style

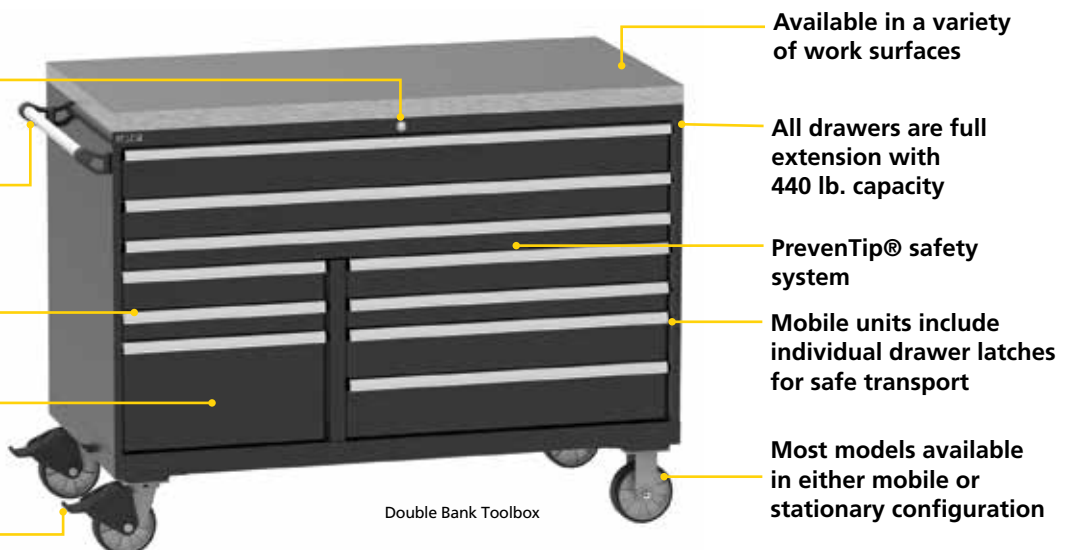

Includes central lock with keyed-alike capability for multiple units

All mobile units include side push handle

Drawer handles are flush with housing so clothing won’t snag

Drawer compartments for bulk storage

Total lock break on swivel casters in mobile configurations

How to order a Preconfigured Technician Series Toolbox

1. Select toolbox configuration on pages 28-33.
2. ■ Select base type on page 34.
 2LB = 2" Leveling base with stainless steel kick plate
 4LB = 4" Leveling base with stainless steel kick plate
 WC = stationary raised base with stainless steel feet
 M = mobile base (not recommended for Model 1350)
3. □ Select paint color. For color chart, see page 35
4. Select Drawer handle Pulls (optional see page 35)
5. Select cabinet top or counter top (optional see page 36)
6. Select Drawer Interiors (optional see page 37)

EXAMPLE: to order an TSDW0750-0721 toolbox with a mobile base in a Black housing with Red drawers, the part ordering number would be **TSDW0750-0721-MBKG-NRG**. To order a butcher block top for your toolbox, include part number **DW1BCT**.

To custom design your own toolbox, contact your Lista sales representative.

2. SELECT BASE

(OPTIONAL)

LEVELING BASE

Allows for quick and easy leveling from inside of cabinet. Includes a front cover that adjusts as cabinet is leveled. Base is available in multiple heights in cold-rolled, galvaneal steel with matching covers or stainless steel cover option. Adjustment tool, side skirts, anchor kit and glide cap kit are also available.

Height added to housing height: **2" (2LB)**
4" (4LB)

WET CLEAN BASE (WC)

Allows for easy cleaning below housing in areas where floors are often washed (such as labs and hospitals), or where wet floors are an issue. Raises cabinet housing 4 9/16" above floor. Individual leg height is further adjustable to allow for leveling (up to 1 3/4" additional height), even on extremely uneven surfaces. Cabinet can be lifted and moved with a hand pallet truck.

Height added to housing height: **4 1/2" - 6 1/4"**

MOBILE CASTER BASE (M)

Mobile base – 2 fixed and 2 swivel 6" x 2" heavy-duty casters (1,200 lbs. each) with total lock brakes. Triple bank and two-bay mobile bases have 4 end swivel and 2 center fixed 6" x 2" heavy-duty casters (1,200 lbs. each) with total lock brakes

Height added to housing height: **8"**

Note: Paint colors have a premium gloss finish.

4. SELECT DRAWER HANDLE PULLS

DRAWER HANDLE PULLS (OPTIONAL)

For those not requiring labeling of drawers or contents aluminum extruded covers are available in three finishes including: gloss black, chrome color, and brushed silver.

UPGRADE PART NUMBERS (REPLACES SCRIPT HANDLE COVER)

	COLORS		
	BRUSHED SILVER	CHROME COLOR	GLOSS BLACK
STYLE WIDTH	PART NO.	PART NO.	PART NO.
CL/MP	HNDL-CLMP/BRSH	HNDL-CLMP/CHRM	HNDL-CLMP/GBLK
ES/EW	HNDL-ESEW/BRSH	HNDL-ESEW/CHRM	HNDL-ESEW/GBLK
HT/DW	HNDL-HTDW/BRSH	HNDL-HTDW/CHRM	HNDL-HTDW/GBLK

5. SELECT CABINET TOP OR COUNTER TOP (OPTIONAL)

BUTCHER BLOCK CABINET TOPS

Tops are satin finish 1 3⁄4" thick hardwood and are flush to the cabinet side-to-side and front-to-back.

STAINLESS STEEL CABINET COVERS

Cover is constructed of durable, heavy gauge stainless steel. Fits over top and sides of cabinet, and provides easy access to locking system. Adds 1⁄16" to overall cabinet height and 1⁄8" to overall width and depth.

STAINLESS STEEL OVER WOOD CORE (SS)

Worksurface is constructed of durable heavy gauge, 304 stainless steel cover, fitted over top and sides of wood core, 1 13⁄16" thick.

WORK TOP OPTIONS

SIZE	DIMENSIONS	STAINLESS STEEL TOP	STAINLESS STEEL COVER	BUTCHER BLOCK
DW	56½" x 28½"	DW1LSSCT	DW1SSC	DW1BCT
TSTB / TS-DWMP	78¾" x 28½"	LSSCT-DWMP	SSC-DWMP	BCT-DWMP

6. SELECT DRAWER INTERIORS (OPTIONAL)

CUSTOMIZE YOUR TOOLBOX DRAWER INTERIORS. SUBDIVIDE YOUR DRAWERS FOR ULTIMATE FLEXIBILITY IN TOOL STORAGE.

Toolbox drawers come standard with mesh drawer liners, and the top drawer of each toolbox includes a starter compartment divider kit. If you prefer to separate your tools within the other drawers, choose from the configurations shown below. Be sure to match drawer interior with correct drawer model and height.

■ Select: Drawer Height

75, 100, 150, 200, 250, 300

How to order drawer interiors

To order the drawer interior sets shown on this page, use the part number in the chart and add the drawer height in place of the green box.

EXAMPLE: to order an MPDR206 drawer interior set for a 100 height (3") drawer, the part ordering number would be **MPDR206-100**.

**All toolboxes include one drawer divider starter kit. Your toolbox comes equipped with a DWDR516 divider starter kit in the top drawer.*

SERVICE BAYS & SEATING THAT WORK FOR YOU

Unlike your average run-of-the-mill workbenches that don't conform to your specific space and pace, Lista® service bays are custom configured to help your technicians work their best. With a range of drawer sizes, bases, work surfaces, overhead hanging cabinets and accessories, the configuration possibilities are endless – so you get what you want how you want it.

SEATING SOLUTIONS

And of course, we've got the seating solutions to support your technicians all day long. Built to withstand the most rugged environments, our new industrial seating line keeps your technicians ergonomically-positioned and comfortable for hour-after-hour support on the job.

MULTI-PURPOSE STOOL:

Dual-purpose design works with desks and workbenches

SIT-STAND STOOL:

Adjustable seat height supports proper ergonomic positioning

SIT-STAND:

Adjustable backrest and seat height properly position workers for ergonomic comfort

TROLLEY:

Stool adjusts to desired height and stores easily in rugged environments

E-SERIES STORAGE SOLUTIONS

THE NEW VIDMAR E-SERIES MAKES ORGANIZING EFFORTLESS. THIS LINE OF CARTS AND CABINETS FEATURES LIGHTER WEIGHT SOLUTIONS, WITH BETTER MOBILITY - AT A LOWER PRICE.

EASY, ERGONOMIC, ECONOMICAL, EFFICIENT

Easy: Product arrives fully assembled and ready for use!

Ergonomic: Light weight for easier customer use and increased mobility

Economical: Quality and convenience at a low cost price

Efficient: Each cabinet comes pre-configured with a single part number for easy ordering. Just select your color option and we will do the rest!

VIDMAR® PARTS COUNTERS

FLEXIBLE. DURABLE. PRECONFIGURED.

Durable. Vidmar modular parts counters are constructed of industrial-grade steel and built tough to handle our customers' toughest jobs. Sturdy Vidmar drawers feature a 440 lb. load capacity.

Flexible. Each housing can accept drawers, shelves and roll-out trays so you can customize your counter to your needs. Change, rearrange, or add new drawers, shelves, or roll-outs to your existing counter at any time with ease.

Preconfigured Counters. Create independent pods by combining multiple parts counters into long or zig-zag configurations. Counters are 41 1/2" tall for comfortable, ergonomic standing height.

Storage. Store fast-moving parts, manuals, and printers conveniently within your parts counter, and even create a lockable cash drawer.

Lifetime Guarantee. We stand by the quality of our Vidmar cabinets with our Lifetime Guarantee.

Zig-Zag Counters. Give employees their own individual workspace to address their customers.

PRECONFIGURED PODS

USE INDEPENDENTLY OR COMBINE THEM TOGETHER

Parts Counters and Behind Counter Cabinets allow you to store up to 80% of picks directly behind the counter for efficient customer handling.

CABINETS & SHELF CONVERTERS TO OPTIMIZE YOUR PARTS STORAGE

Your Parts Department is a hub of activity. With thousands of parts of varying size and limited floor space, you need to ensure it's optimized to support the demands of your Service Department. That's why it's so crucial to give every part a home. The right home, that is.

When your parts storage area is optimized and organized, you can:

- Find what you need faster
- Increase job turnaround
- Decrease customer wait times
- Improve inventory management and cut down on inventory time
- Find storage space you didn't know you had
- Project an image of professionalism, cleanliness, and order

From parts shelving and cabinets to special tool storage and adjustable bulk storage to automated vertical storage and tire carousels, we offer complete storage solutions that accelerate productivity and help drive profitability.

ESSENTIAL TOOL CABINETS

With a 440-lb weight capacity, high-density cabinets are strong enough to hold the heaviest parts and fully scalable to adapt to your changing inventories.

Essential Tool Cabinets

WHEN IT COMES TO OEM ESSENTIAL TOOL STORAGE SYSTEMS, VIDMAR® AND LISTA® ARE THE STANDARD.

- Lockable, keyed-alike cabinets provide maximum security for all your Special Tools
- Labeled, pre-divided drawers facilitate technician efficiency, keeping them on the job – not looking for lost tools
- Drawer partitioning accessories allow you to create compartments that exactly fit the tools you need to store and make inventory a breeze

SHELF CONVERTER

TRANSFORM SHELVING INTO A HIGH-DENSITY STORAGE SOLUTION

STOP STORING AIR!

- Replace inefficient shelving as your only storage solutions
- Increase storage capacity by **as much as 50% or more** by storing smaller items in Shelf Converter® System drawers. Or use your space savings to reclaim needed floor space.
- Improve retrieval time of key parts
- Upgrade to a high-density storage solution for a fraction of the cost of replacing your existing shelving
- New and improved design for faster installation
- Drawer heights ranging from 3" - 8"
- 400 lbs. Roll out tray
- Drawer capacities of 200lbs. or 400 lbs. (3" drawer only available in 200 lbs.)
- 30% increased drawer cubic capacity (from original shelf converter)
- Available frame heights: 18", 24", 36" 48"
- Available for shelf widths: 30", 36", 42" and 48"
- Available for shelf depths: 18" and 24"
- Frame is compatible with industry leading shelving manufactures including our partner Western Pacific Deluxe.

KEY FEATURES:

- High density: With Lista Shelf Converter drawers, you use the full cubic capacity of your storage space.
- Right-sized storage: Store small-to-medium sized items in drawers, larger bulkier items on existing shelves.
- Drawer subdividing system: The Lista Shelf Converter features an extensive selection of drawer partitioning accessories allows you to create compartments that exactly fit what you're storing.
- 200 lb or 400 lb. full-extension drawers: Lista drawers stand up to the challenge of even the heaviest storage needs, holding up to 400 lbs. per drawer, even when fully extended.*
- Easy installation: Just attach our unique frame system to your shelving uprights, insert drawer tracks and pop in the drawers.
- Expandability: As your storage needs change, the Shelf Converter System can be removed and re-installed, or added to.
- Drawer labeling system: Using our unique hinged drawer handles and free Lista Script software, you always know where everything is.
- The perfect solution for retrofitting into existing industrial shelving: Fits a number of standard shelving brands, including Western Pacific Deluxe, Metalware, Penco's Clipper®, Rousseau's Spider®, and Tennsco® Q-Line.
- Choice of sizes: Shelf Converter units available in 4 heights, 4 widths and 2 depths. Drawers are available in 6 heights. Roll-out tray can be added.
- Ideal for a number of industries and uses: The perfect solution in a wide range of manufacturing settings, maintenance and repair operations and parts cribs, as well as a lower-cost retrofit for automotive parts departments.

With traditional shelf storage (left side), you end up storing a lot of air! Smaller items make poor use of cubic space when stored on shelves, and are difficult to locate and keep track of. With the Lista Shelf Converter System (right side), you can store small-to-medium sized items in high-density drawers and larger items on shelves, where they belong.

Shelf Converter

*Clipper is a registered trademark of Penco Products Inc.
Spider is a registered trademark of Rousseau Metal Inc.
Tennsco is a registered trademark of Tennsco Corp.*

***Note:** Do not exceed the maximum storage capacity of your shelving. If total drawer loads for a Shelf Converter unit will exceed an individual shelf's maximum storage capacity according to the manufacturer's specifications, Lista recommends using two or more smaller units instead of one larger unit (for example, two 24" height units rather than one 48" height unit), with a shelf beneath each unit.

Compare the disorganized, inefficient storage in this auto dealership parts department (left) with organized storage using the Lista Shelf Converter system of shelving drawer inserts (right).

SHELF CONVERTER®: HOW TO ORDER

EASY TO ORDER, EASY TO INSTALL

WE'VE MADE IT AS EASY TO ORDER A SHELF CONVERTER SYSTEM AS IT IS TO INSTALL AND USE.

- Choose from a range of Easy-Order pre-configured units (pages 52-53).
- Or, configure your own unit to exactly suit your specific needs.
- Installation is as simple as attaching frame system, installing a pair of tracks for each drawer, and sliding the drawers into place.

A variety of the most versatile and popular configurations have been pre-designed so you can order an entire unit with just one part number. These units include not only the frame system and a full complement of drawers, but all drawers come with interior sets featuring easily installed drawer compartments (interior set must be selected).

CUSTOM CONFIGURE A SHELF CONVERTER SYSTEM

If you want a Shelf Converter unit that doesn't match one of our Easy-Order combinations, you can build a system that exactly fits your own specific needs.

Choose frame system for the size unit you want to build, then order drawers to fill the unit. The total drawer model numbers must add up to the model number of the frame system. For roll-out trays, allow a height of at least 4". Drawers have 200 lb. and 400 lb. capacities (3" drawer only available in 200 lb. capacity).*

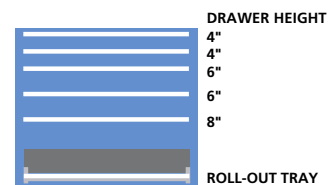

***Note:** Do not exceed the maximum storage capacity of your shelving. If total drawer loads for a Shelf Converter unit will exceed an individual shelf's maximum storage capacity according to the manufacturer's specifications, Lista recommends using two or more smaller units instead of one larger unit (for example, two 24" height units rather than one 48" height unit), with a shelf beneath each unit.

EXAMPLE:

When using CVF2436 frame system on a 42" wide shelf.

(2) CVD424/04F drawers	= 8
(2) CVD4224/06F drawers	= 12
(1) CVD4224/08F drawer	= 8
(1) CVD4224/00F tray	= 8

VERTICAL SOLUTIONS TO ACCELERATE PRODUCTIVITY

We offer innovative automotive storage solutions that help you do it all faster, easier, and in fewer steps.

STAK SYSTEM®

Adjustable pallet storage provides the benefits of bulk storage with minimal footprint – so you can store more parts and less air.

VERTICAL LIFT MODULE

Part retrieval has never been easier or faster with the automated VLM storage and retrieval system – it's the ultimate high-density modular storage solution.

ADJUSTABLE RACKING SYSTEM

A completely flexible heavy-duty storage solution, the ARS Adjustable Racking System allows super-efficient storage of items of varying size and weight.

TIRE CAROUSEL

Fully motorized tire carousels maximize floor space by making use of vertical space and can be custom-configured to your exact specifications.

HOW TO ORDER

Colored squares indicate a selection needs to be made. When ordering, refer to the corresponding color key and replace the square with the code of the desired feature.

■ SELECT: BASE TYPE

CODE	BASE TYPE
NB	No Base
2LB	2" Leveling Base
4LB	4" Leveling Base
6LB	6" Leveling Base
FT	Fork Truck Base
2FB	2" Frame Base
4FB	4" Frame Base
6FB	6" Frame Base

■ SELECT: LOCK TYPE

CODE	LOCK TYPE
NL	No Lock
RG	Individual
KA	Keyed-alike
MA	Master
KP	Keypad Lock

■ SELECT: SHELVING BRAND

CODE	BRAND
72	Metalware
74	Penco's Clipper®
81	Rousseau's Spider®
87	Tennsco® Q-Line
95	Western Pacific Deluxe

■ SELECT: DRAWER HEIGHT

Replace green square with drawer height

EXAMPLE: to order an LD3024-209 drawer interior set for a 3" height drawer, the part ordering number would be LD3024-209-3.
